

Ping Pong

Serving:

- Each person serves 5 times staying on the same side. After the 5 serves the ball goes to the other team.
- Serve must go across court bouncing once on each side.
- If the ball hits the net on the serve and goes in, it is a let and you get a reserve. If it goes out it is a loss of point.

General Rules:

- If the ball hits the table, including the edges, it is in.
- Middle line is in.
- You can score on the other teams serve.
- If the ball hits the net and goes over during the rally it is in.

Rotating:

- When the whistle blows place everything on the table and wait for the teacher to walk around and record who won.
- Leave the paddles and balls at the table.
- If you are playing singles put the extra paddle under the table so it doesn't get stepped on.
- Do not move to the next table until everyone is told where they are playing.
